- Connects up to 8 associates on one voice conference group.
- Conversations are crystal clear and natural, without dropouts or lag that you can get with WiFi.
- Quick to set up and easy to use, your Reseller can help you with everything from installation to product support.
- Headsets work indoors, outdoors, wherever you're working.\*
- Hardware that's built to last and tested in retail.
- All-day comfort and adjustability with long battery life.

\*Hub and Dock must be sited indoors.

Happy teams feel **safe and supported at work** with an instant connection to each other

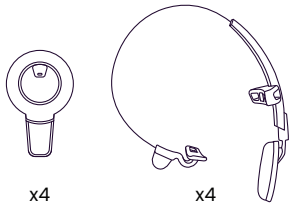

Customers love the **faster, more efficient service** that connected in-store teams can deliver

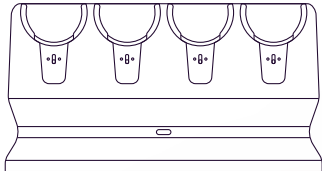

Your business thrives on **improved productivity** from dedicated in-store communications

## What's in the box?

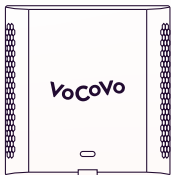

Each VoCoVo Link system comes ready to use. You'll find everything you need in the box:

**4x Series 5e Headsets with headbands.** Designed around feedback from retail teams, the lightweight and discreet Series 5e Headsets connect associates instantly with crystal-clear conversations while they work.

**Dock.** The go-to storage place for Headsets, the Dock also charges the Headsets so they're always ready for the next shift. The Dock runs on mains power and comes with its own cable.

**Hub.** Wirelessly connects your Headsets to keep users collaborating on the go. The Hub comes slotted into the Dock but can also be removed and placed elsewhere to give the best coverage for your store's size and layout.

**Quickstart Guide.** Easy to follow with clear diagrams, the printed guide covers everything you need to get going.
